### ***iTEL@BellmereSS BYO iPad Program*** (Updated June 2021)

At Bellmere State School, students across Prep to Year 6 are encouraged to bring their own iPad to support them with their learning. We strive for improved outcomes in learning engagement, learning productivity, home school partnership and academic results. Students who are unable to bring their own iPad will have access to a school-owned iPad when necessary, however, these cannot be taken home.

### **What are the benefits for your child?**

- Enables personalisation of student learning through access to rich learning resources.
- Best facilitates the development of knowledge and skills necessary for the 21st century workforce, including digital-age literacy, innovative and creative thinking, effective communication and high productivity.
- Allows continuous access to educational materials allowing learning efficiency to occur anywhere, anytime.
- Provides an engaging, interactive environment for learning.
- Strengthens links between home and school, giving parents the opportunity to see firsthand, every day, what your child is learning at school and have relevant, timely, accurate and quality conversations around your child's learning and progress.

# Parent Checklist *Preparing for your child to bring their iPad to school*

- Create an **Apple id and Password** if you do not already have one (we advise you **NOT to tell your child** the Apple id / Password). You can choose to use an existing Apple id in order to share apps or setup Family Sharing.
- Discuss elements of the iTEL@BellmereSS BYO iPad Program Charter with your child and the expectations in the **Student Participation Agreement**.
- Ensure that your child understands they are **NOT to share** their iPad with other students.
- Ensure that your child understands that they are not to capture photo, video or audio unless advised to do so by their class teacher.
- Ensure that your child understands that if their regular teacher is away, the **iPads may be expected to be locked away**. Students must not negotiate otherwise with relief teachers.
- Have purchased a **protective cover** for your child's iPad and considered a tempered glass screen protector and water resistant carry bag sleeve.
- It is advised that your child's iPad be in a **different compartment** to their drink bottle (in school bag).
- Loaded the required apps on your child's iPad as per the **required apps** list, which will be shared with parents when finalized (stored on the school website for access anytime).
- Capture holiday photos** for the beginning of the year on your child's iPad if requested to do so by the class teacher.
- You are aware of the log in details, user name and password, for your child for the following:
  - **Network** (same as email)
  - **Various online subscription programs (i.e. Mathletics and Reading Eggs)**  
*These will be provided after the start of the school year unless otherwise already known.*
- Other apps may request a user name and password to be created; there is **no need to do so** unless requested by your child's class teacher.
- Wireless setup** to access school Wi-Fi, load the DET Wi-Fi Profile directly onto the iPad: (this will be shared with parents when set up)
- Email setup** to access school email, download the OWA app for iPad and enter your child's user name and password (if your child does not know their school user name and password, they will be provided at the beginning of the school year).

**Please see your child's class teacher if you experience difficulties with any items on this checklist**
